

Dewalt DT8918-QZ - SDS+ XLR Drill 6.5x260x200mm Full Head Carbide

Product Description

- Suitable for drilling plug and anchor holes in masonry, all types of stone and concrete
- 4 flute helix maximises debris removal for fast drilling and clear holes
- Solid piece carbide with four cutting faces to prevent jamming in rebar. The carbide tip and body are brazed together via an innovative welding technique creating a strong durable bond
