

Milwaukee M18FH-0 - 18V Brushless 3-Mode 26mm SDS+ Rotary Hammer (Tool Only)

Product Description

The M18 FUEL™ 26 mm SDS Plus Rotary Hammer delivers fast drilling, hard-hitting performance and maximum control for productivity on the jobsite. Designed to achieve top performance with only moderate pressure, the rotary hammer is compatible with all M18™ REDLITHIUM™-ION batteries and is optimised for use with M18™ REDLITHIUM™-ION HIGH OUTPUT™ 6.0Ah batteries (sold separately). The POWERSTATE™ Brushless Motor delivers users 2.7 J of impact energy, 1,330 RPM, and 4,800 BPM, providing speed and power in the most demanding applications. REDLINK™ PLUS Intelligence tool technology ensures maximum rotary drill performance and protects the tool from overload, overheating, and over-discharge. The MILWAUKEE® M18 FUEL™ 26 mm SDS Plus Rotary Hammer includes AUTOSTOP™ Kickback Control for maximum control and enhanced safety, with the tool sensing a bind-up situation when users are drilling in rebar or hard aggregate and stopping over-rotation, without the need for the user to release the trigger, indicated by the AUTOSTOP™ Indicator LED. The Anti-Vibration System (AVS) minimises vibration for maximum comfort when in use for extended periods. A Dedicated Dust Extractor (M18FDEX) is also available (sold separately), which once connected is powered by the Rotary Hammer.

Features

- 3 mode (Rotary Hammer, Hammer Only, and Rotary Only)
- POWERSTATE™ Brushless Motor delivers fast drilling
- 2.7 J impact energy for hard hitting performance
- Anti-Vibration System (AVS) for maximum user comfort
- AUTOSTOP™ Kickback Control senses bind-up and prevents over-rotation
- REDLINK™ PLUS Intelligence integrates full-circle communication between tool, battery and charger to protect from overloads, overheating and over-discharge
- Integrated LED light for illuminating dark workspaces
- Compatible with M18 FUEL™ HAMMERVAC™ 26 mm Dedicated Dust Extractor (M18FDEX)
- Adjustable depth gauge rod for accurate hole depths

Specifications

- PLATFORM: M18 FUEL™
- MAX RPM: 1,330
- BPM: 4,800
- IMPACT ENERGY: 2.7 J
- VIBRATION REDUCTION: Yes
- DRILL CAPACITY: 26 mm (1")
- LENGTH: 296 mm
- WEIGHT: 3.1 kg
- WARRANTY - TOOL: 5 Years

Includes

- (1) Side Handle with Depth Gauge
