

## Milwaukee 49252241 - Tapered Sealant Cutting Blade 5 Pack Open-lok

### Product Description

---

The Universal Fit OPEN-LOK™ Tapered Sealant Cutting Blade is designed for Oscillating Multi-Tools. This MILWAUKEE® Multi-Tool sealant cutting blade is made from solid stainless steel with a tapered triple ground cutting edge. The tapered shape is ideal for you plunging into sealant in expansion joints, the side ground edges are perfect for side to side scraping and cutting, and the thick kerf extends blade life and maintains rigidity.
