

Renegade LC13000D - Generator 12kVA/19HP Elec Start

Product Description

These Renegade Petrol Generators are trade quality and ideal for professional applications. Featuring a quality 4 stroke Petrol Loncin engine that produces 19 Horsepower at approximately 100dB. These Industrial Generators feature low oil level protection, a massive 48 litre long range fuel tank with easy electric key start and pull start back up. Also featuring automatic voltage regulation (AVR) which is designed to take a fluctuating voltage level and turn it into a constant voltage level. These Renegade Generators have a continuous output of 9.5kW and a maximum output of 10.5kW and includes 3 x 15 Amp 240 Volt outlets plus 12 Volt charging capabilities. The long range fuel tank provides up to 10 hours of run time.

Specifications

- 4 Stroke 19Hp Loncin Engine
- Automatic Voltage Regulation (AVR)
- Low Oil Protection
- 3x 15Amp IP66 Rated RCD Outlets
- 12v Charging Capability
- Electric or Manual Pull Start-up
- Motor Power output: 19HP/3600rpm
- Displacement: 622cc
- Oil capacity: 1.6L
- Rated output: 9.5kW
- Max output: 10.5kW
- Fuel tank capacity: 48 Litres
- Dimension: 800x620x650mm
- Net Weight: 143kg

Warranty: 12 Month Industrial Warranty
