

## MasterLock M5BDLHAU - Padlock 50mm Long Shackle Excell Laminated Brass Cover

### Product Description

---

Master Lock use the toughest boron alloy material and cutting edge technology, registering over 40 patents, to create Excell - a truly high security padlock that is 50 percent stronger than a standard padlock. The laminated steel covered padlocks have a weather resistant brass and zinc cover, to protect the lock even in extremely bad weather conditions.

#### Features:

- Laminated steel core for greater durability
- Zinc outer treatment with brass finish for weather resistance
- Exclusive octagonal boron-carbide shackle for maximum cut resistance
- Dual ball bearing locking mechanism
- 5-pin cylinder for maximum pick resistance
