

Milwaukee 48351211 - Laser Detector 50m

Product Description

The 50m (165') Laser Detector extends the laser functionality to up to 50m indoors and outdoors for fast point-to-point alignment. The front and back LEDs provide users with high visibility feedback improving the set-up process. Rare earth magnets located on two sides of the detector allow it to easily attach to metal surfaces, ideal for ceiling grid installation. The included material clamp is perfect for setting elevation. The Laser Detector also features adjustable audio and is compatible with MILWAUKEE® Cross Line and Plane lasers.

Features

- Long distance alignment - LED feedback
- Adaptable placement - two magnetic sides
- IP54 Rating
- 1m impact resistance
- Adjustable audio: high, low, off
- Compatible with Milwaukee® Cross Line and Plane lasers
