

Milwaukee M18FHP-0 - 18V Brushless One-Key 28mm SDS+ Rotary Hammer (Tool Only)

Product Description

The M18 FUEL™ 28mm SDS Plus Rotary Hammer with ONE-KEY™ delivers fast drilling, hard hitting performance and maximum control for productivity on the jobsite. Designed to achieve top performance with only moderate pressure, the rotary hammer is compatible with all M18™ REDLITHIUM™-ION batteries, and is optimised for use with M18™ REDLITHIUM™-ION HIGH OUTPUT™ 8.0Ah batteries (sold separately). The POWERSTATE™ Brushless Motor delivers users 4.9 J of impact energy, 800 RPM, and 4,600 BPM, providing speed and power in the most demanding applications. REDLINK™ PLUS Intelligence tool technology ensures maximum rotary drill performance and protects the tool from overload, overheating, and over-discharge. The MILWAUKEE® M18 FUEL™ 28mm SDS Plus Rotary Hammer with ONE-KEY™ includes AUTOSTOP™ Kickback Control for maximum control and enhanced safety, with the tool sensing a bind-up situation when users are drilling in rebar or hard aggregate and stopping over-rotation, without the need for the user to release the trigger, indicated by the AUTOSTOP™ Indicator LED. The Anti-Vibration System (AVS) minimises vibration for maximum comfort when in use for extended periods. A Dedicated Dust Extractor (M18FDEX) is also available (sold separately), which once connected is powered by the Rotary Hammer. With ONE-KEY™ technology, users also gain the ability to customise, track and manage the tool.

Features

- 3 mode (Rotary Hammer, Hammer Only, and Rotary Only)
- POWERSTATE™ Brushless Motor delivers fast drilling
- 4.9 J impact energy for hard hitting performance
- Anti-Vibration System (AVS) for maximum user comfort
- AUTOSTOP™ Kickback Control senses bind-up and prevents over-rotation
- REDLINK™ PLUS Intelligence integrates full-circle communication between tool, battery and charger to protect from overloads, overheating and over-discharge
- Integrated LED light for illuminating dark workspaces
- Compatible with M18 FUEL™ HAMMERVAC™ 28 mm Dedicated Dust Extractor [M18FPDEX]
- Adjustable depth gauge rod for accurate hole depths
- ONE-KEY™ for tracking, customising and tool management

Specifications

- PLATFORM: M18 FUEL™ / ONE-KEY™
- RPM: 800
- BPM: 4,600
- IMPACT ENERGY: 4.9 J
- CAPACITY: 28mm
- KICKBACK PREVENTION: Yes
- LENGTH: 343mm
- WEIGHT: 4kg
- WARRANTY: 5 Years
- ANTI-VIBRATION: Yes

Includes

- 1x Side Handle with Depth Gauge
