

HIKOKI BSL36A18XTWN - 18V/36V Battery Twin Pack - 2 x 5.0/2.5Ah

Product Description

This 18V/36V, 5.0Ah/2.5Ah compatible battery is built with Multiplex Protection Circuit (MPC) for overload, overcharge, and over-discharge prevention, ensuring safety and long life. No memory effect means you can charge it anytime for optimal convenience. Experience superior power and worry-free performance with HIKOKI.

- Dual Voltage: 18V and 36V, offering versatility.
- Multiplex Protection Circuit (MPC): Guards against overload, overcharge, and over-discharge for enhanced safety and battery longevity.
- No Memory Effect: Charge it whenever you need, without performance loss.
- 3 Year Standard Warranty

Specifications

- Voltage: 18V / 36V
- Ampere: 5.0Ah (36V) / 2.5Ah (18V)
- Power Output: 1080W
- Cell Technology: Lithium (Li-ion) cells
- Cooling System: Yes
- Battery Mounting: Slide
- Battery Level Indicator: Yes
- Approx. charge time UC18YSL3: 32 minutes
- Recharge cycles: Approx. 1,500
- Weight: 0.7kg (700 grams)
- Dimensions (L x W x H): 119 x 69 x 76mm
- Compatibility: Compatible with HIKOKI 18V & 36V Slide battery type products
