

Milwaukee M18FCVN120 - 18V Brushless 1200mm Needle Concrete Vibrator (Tool Only)

Product Description

The M18 FUEL™ 1200mm (4') Needle Concrete Vibrator delivers powerful vibrations with 12,500 vibrations per minute. The cordless concrete vibrator is ideal for users pouring small sections of concrete who need a portable yet powerful solution. With the ability to consolidate 18.9m³ per charge using a M18™ REDLITHIUM™-ION 5.0Ah Battery, users will benefit for the long runtime without the hassle of cords, extra whips or heads. The M18 FUEL™ 1200mm (4') Needle Concrete Vibrator is also available in a larger 2400mm size (M12FCVN240).

Features

- Maximum power - Generates 1.8HP Peak
- More runtime - 18.9m³ per charge using a M18™ REDLITHIUM™-ION 5.0Ah Battery (equivalent to 2 trucks per charge)
- No cords, extra whips or heads means less downtime and increased productivity for the user
