

Milwaukee M18FCVN240 - 18V Brushless 2400mm Needle Concrete Vibrator (Tool Only)

Product Description

The M18 FUEL™ 2400mm (8') Needle Concrete Vibrator delivers powerful vibrations with 12,500 vibrations per minute. The cordless concrete vibrator is ideal for users pouring small sections of concrete who need a portable yet powerful solution. With the ability to cover 18.9m³ per charge using a M18™ REDLITHIUM™-ION 5.0Ah Battery, users will benefit for the long runtime without the hassle of cords, extra whips or heads. The M18 FUEL™ 2400mm (8') Needle Concrete Vibrator is also available in a smaller 1200mm size (M12FCVN120).

Features

- Maximum power - Generates 1.8HP Peak
- More runtime - 18.9m³ per charge using a M18™ REDLITHIUM™-ION 5.0Ah Battery (equivalent to 2 trucks per charge)
- No cords, extra whips or heads means less downtime and increased productivity for the user
