- No Load Speed: 0-3000 RPM
- Impact Rate: 0-3000 IPM
- Coupler: 1/4"
- Maximum Torque: 116 ft-lb/158Nm

220060 - 18V Charge-All Reciprocating Saw

The Katana 18V Charge-All Reciprocating Saw is one of our most versatile products on offer. Reciprocating saws are the go-to tool for everything from demolition during home renovations, pruning trees that are out of hand, cutting steel, timber and plastics and anything in-between. With a tool free adjustable shoe and toolless blade change you will be able to move on to the next job as quickly as you finished the last.

- Voltage: 18V D.C.
- No Load Speed: 0-3000 RPM
- Stroke Length: 25.4mm
- Max. Cut in Wood: 80mm
- Max. Cut in Steel: 10mm

220070 - 18V Charge-All 125mm Grinder

The Katana 18V Charge-All 125mm Angle Grinder has been designed with power and functionality in mind and is the answer for all your grinding needs. This general-purpose grinder is perfect for grinding metal, re-sharpening mower blades, removing rust, cleaning up welds, the list goes on. The tool-free adjustable guard and 2 position side handle allows for endless adjustability and control. The unique side handle has inbuilt storage for the spindle spanner for easy access and fast disk changes. The 2-stage paddle switch reduces the chance of accidental startups and is comfortable and easy to use. With an impressive 10,000 max RPM, the Katana Angle Grinder has more than enough power for any DIY project.

- Voltage: 18V D.C.
- Max Speed: 10,000 RPM
- Spindle Thread: M14
- Disc Size: 125 x 22.2mm

220080 - 18V Charge-All 165mm Circular Saw

The Katana 18V Charge-All Circular Saw is the ultimate woodworking companion. With endless adjustability and power, this circular saw will bring out your inner carpenter. The saw features a fully adjustable steel base plate that offers 0-54mm max depth cuts and 0-45° bevel cuts, an included rip fence and ergonomic design that will have you cutting like a pro in no time and an electric motor brake that stops the blade spinning as soon as you release the trigger. The saw is compatible with 165mm blades and has a dust extraction port to keep your work surface clean and clear giving you that perfect finish every time.

- Voltage: 18V D.C.
- No Load Speed: 3800 RPM
- Max. Cut at 90°: 54mm
- Max. Cut at 45°: 40mm
- Blade Size: 165mm
- Blade bore Size: 16mm
