

Dewalt DCLE34021D1-XE - 18V Compact Cross Line Green Laser Kit (1 x 2.0Ah)

Product Description

The Dewalt 18V XR Compact Cross Line Laser delivers an outstanding 55 meter max working range (up to 100m with detector). It features class leading green beam diode to ensure better beam visibility on the jobsite even during bright conditions. Taking advantage of the well known and distributed 18V battery system it is compatible across the 18V XR power tool series. The self levelling cross line laser projects 1 bright horizontal and 1 vertical line with professional accuracy of $\pm 3\text{mm}$ @ 10m to ensure precision on the jobsite.

Includes

- 1x 18V XR Compact Green Cross Line Laser
- 1 x DCB183-XE - DeWALT 18V 2.0Ah Li-Ion Battery
- 1 x DCB107-XE - DeWALT 12V - 18V Li-ion Battery Charger
- 1 x Wall Mount Bracket
- 1x Green Target Card
- 1x Blow Mould Carry Case

Features

- Green Beam Diode
- Off last mode
- Pivotal bracket with magnets - for safe sticking to metal studs
- $\pm 3\text{mm}$ @ 10m Accuracy
- Pendulum Lock - To help prevent damage to internal components
- 2 x Self levelling lines

Specifications

- Power: 18V XR Compatible
- Laser Diode: Green, Class 2, 510-530nm
- Working Range: 55m
- Working Range with Detector: 100m
- Pulse Mode: Yes, Permanent
- Accuracy Line: $\pm 3\text{mm}$ @ 10m
- Compensation Range: $\pm 4^\circ$
- Levelling Time: ≤ 5 seconds
- IP Rating: IP54
- Drop test: 1m
- Runtime: Up to 16 Hours
- Mounting Thread: 1/4" & 5/8" (integrated in bracket)
