

Kincrome K16253 - Electric Pressure Washer - Compact 2100W 2400psi

Product Description

Meet the K16253 2100W Compact Electric High-Pressure Washer, your efficient cleaning solution. With a powerful 2,400 PSI max pressure and a reliable 1,600 PSI rated pressure, it strikes the perfect balance between power and convenience. The 7.2 LPM maximum flow rate, combined with the 2100W power induction motor and long-lasting aluminum pump, ensures efficient cleaning.

This model offers thoughtful design elements such as onboard power cable storage, keeping your workspace tidy and organized. The integrated inlet filter provides peace of mind by protecting the pump from debris during your cleaning sessions.

What makes this model stand out is its unique compact design & the Quick Connect system. The quick-connect lance and accessories feature all brass fittings, ensuring durability and efficient attachment changes. We've included valuable accessories like the variable trigger quick-connect pressure lance, 8m pressure hose, turbo nozzle, soap dispenser attachment (400ml capacity), and three additional quick-connect nozzles:

- Red = 0° Pencil Point Stream for High Impact Cleaning
- Green = 25° Fan Pattern for Debris Sweeping
- White = 40° Fan Pattern for Rinsing Glass, Vehicles, and more.

Backed by an impressive 5-year warranty (3+2 years when registered), offering confidence and assurance with your purchase & investment.
