

## Dunlite MH40T - Pump 11HP

### Product Description

---

Powered by a reliable Honda engine with a recoil starting system.

Dunlite Trash Pumps offer rapid self priming capabilities and have been designed to transfer high volumes of contaminated water through big single closed style impellers that are capable of handling small solids up to 25 mm. This Pump's unique quick release systems allow for rapid and efficient removal of debris from clogged impellers, ensuring ease of maintenance and long performance.
