

Bessey KLI25 - Quick Action Lever Kliklamp 250mm Magnesium

Product Description

- Net Weight: 0.369kg
- Clamping force up to 1,200N
- Opening 250mm
- Throat depth 80mm
- Rail 20 x 5mm
- Total Shipping Weight: 0.554kg
- Extremely lightweight, stable magnesium, fibreglass reinforced plastics, and cold-drawn BESSEY quality steel: this optimum mixture is characteristic of the innovative high-tech KliKlamp lever clamp
- That's why this KliKlamp weighs just 320g and is ideal for assembly work or where several clamps are being used at once
- The pressure is also built up easily and highly effectively: the VIBRAFIX ratchet mechanism lets you achieve a huge clamping force quickly with just 2 fingers
- You certainly will never have clamped as quickly, easily or as gently as this!
- **Sturdy magnesium:** The surface-coated fixed and sliding arms, made from sturdy magnesium, are extremely light and strong
- **VIBRAFIX stepped ratchet mechanism:** The multi-stage VIBRAFIX ratchet mechanism is easy to operate, vibration-resistant, particularly easy-to-control, and can be released quickly
- **A secure hold:** The fixed arm with the crossed v-grooves holds round, pointed or angular components firmly in place. This is part of what makes the KliKlamp so versatile
- **Ergonomically shaped clamping arm:** The ergonomically shaped clamping arm made from fibreglass-reinforced polyamide is breakproof and fits very snugly in the hand. That's quality of the highest calibre
