

Bessey SG25M - Quick Action Clamp 250mm All Steel - Heavy Duty

Product Description

- Net Weight: 2.575kg
- Clamping force up to 12,000N
- Tightening torque: 40Nm
- Opening 250mm
- Throat depth 140mm
- Rail 34 x 13mm
- Total Shipping Weight: 3.863kg
- Used in steel and boiler construction, shipbuilding and automotive engineering
- Also used in heavy timber construction, laminated wood beam construction and carpentry
- **Extremely sturdy:** Fixed bracket and pressure plate are produced and tempered from a single piece, thus very torsion-resistant. This guarantees you maximum tensile strength and sturdiness
- **Special tilting pressure plate:** The heat-resistant pressure plate is replaceable and can be tilted up to 35° so it can even clamp on angled or sloping surfaces
- **Tempered spindle:** The tempered spindle is particularly sturdy and wear-resistant. This considerably increases its durability
- **Sturdy tommy bar:** The sturdy tommy bar has special rounded hand-friendly ends, as well as a hexagonal bolt. This allows powerful, controlled clamping
