

## Husqvarna KV 9/12 - Cutting Trolley with Water Tray Suit K970 / K1270

### Product Description

---

Husqvarna cutting trolleys are designed specifically for Husqvarna's handheld petrol power cutters. The quick connections make it easy to install the cutter on the trolley, and the cutting depth is easy to adjust. With a cutting trolley it's easy to cut in straight or curved lines, and close to walls and curbstones. The design is compact and they're easy to fold up and transport.

#### Features

- Quick and easy installation - Thanks to the quick connections the power cutter is easy to install.
- Track control - Easy to cut in straight or curved lines, close to walls and curbs, thanks to the laterally adjustable wheels.
- Easy setting of cutting depth - Facilitates adjustments and returning to the previous setting.
- Easy transportation - The cutting trolley is easy to fold to facilitate transport and storage.
- Water saving - The water tank together with the water saving wet cutting kit ensures long operation.
- Time-saving - No need to change the water saving nozzles when switching from cutting with trolley to handheld cutting.
- Depth limiter - Efficient control of cutting depth facilitates adjustment and returning to the previous setting.
- Lateral adjustment - Lateral adjustment enables cutting in straight or curve lines.
- Quick mount - The quick mounts make it easy to install the cutter on the trolley.
- Asphalt - Asphalt cutting in roadworks.
- Burying of cables - Burying of all kinds of cables.
