

Makita HW140 - High Pressure Water Cleaner 2300W 2030 PSI

Product Description

Features

- Steel armed hose
- Built-in hose reel
- Automatic safety valve with low pressure by-pass
- Rubber tread wheels
- 3 axial-piston wobble-plate, induction motor
- Total stop system

Specifications

- Continuous rating input: 2,300W
- Flow rate: 500L/h
- Hose length: 10m
- Inlet water temperature: 50C
- Motor type: Induction (2 poles)
- Overall height: 880mm
- Power absorbed: 2.3kW
- Power cord length: 5m
- Pressure - Max.: 140bar (2030psi)
- Pressure - Working: 130bar (1885psi)
- Pump head: material Brass
- Weight: 26.2kg

Includes

- Gun(metal type)
- Hose reel
- Adjustable spray lance
- Built-in detergent tank
- Water inlet filter
- Turbo-nozzle lance
