

Milwaukee M18BBL-0 - 18V Compact Blower (Tool Only)

Product Description

Features

The M18 Cordless Compact Blower delivers the fastest job site cleanup. The M18BBL-0 offers a best in class power to size ratio. The M18 Cordless Compact Blower has power control that includes a 3-speed electronic switch, lock-on and a variable speed trigger which allows for versatile clearing power. This blower moves air at 257kph and 100CFM for class-leading performance. Featuring a shock-absorbing polymer body and a crush resistant nozzle the M18 Cordless Compact Blower delivers job site durability. Included is a 228mm extension nozzle to clear dust and debris easily from the ground or overhead. The M18BBL-0 also comes with a universal inflator/deflator. Works with all MILWAUKEE M18 Batteries.

- 3-Speed electronic switch and variable speed trigger allow for versatile clearing power
- Lock-on switch reduces user fatigue
- Extension nozzle clears dust and debris easily from the ground, overhead or tight spaces without having to lean over or stretch
- Universal inflator/deflator for easy set-up and take-down of most inflatable products
- Shock-absorbing polymer and reinforced handle resists drops
- Nozzle made from soft plastic to resist crushing or cracking.
- Removable nozzle for convenient storage

Specifications

- PLATFORM: M18™
- VOLTAGE: 18V
- TYPE: Cordless
- RPM: 18,700 (Fan Speed)
- BATTERY: M18™ REDLITHIUM™-ION
- MAXIMUM AIR SPEED: 0 - 257 kph
- MAXIMUM AIR VOLUME: 2.8 m3/min
- LENGTH: 521 mm (without 230 mm nozzle extension)
- WEIGHT: 1.2kg
- WARRANTY: 5 Years

Includes

- (1) 200mm Nozzle
- (1) 230mm Nozzle extension
- (1) Universal inflator/deflator attachment
