

Paslode B20543F - Impulse Fuel Cell Power Plus

Product Description

- **Paslode Fuel Cell Technology** - Improved fuel metering for greater tool performance. Patented fuel cell for longer life.
- **Patented Twist'n'Lock Technology** - Two fuel caps included for compatibility with all framing nailers. Simply twist on the required cap.
- **Best Use Before Date Stamped On Base Of Cell** - Monitor fuel cell expiration date. 18 month shelf life.
- **Patented In-Can Metering Valve** - Lower actuation pressure. Self aligning cap with double crimp eliminates fuel wastage.
- **Contains Lubrication** - Assists with tool lubrication, meaning less servicing.
- **Travel Cap** - Increased transportation safety. Meets New Zealand Transport Safety Regulations.
- **Designed for use with all Paslode Framing Nailers.**
