

## Peerless P14 - P14 Electric Belt Drive Compressor

### Product Description

---

This is the biggest single phase air compressor on 10A power supply producing 275 litres per minute of free air delivery which out performs most of our competitors on the market, huge 5 year pump warranty you have the confidence that you've invested in the right air compressor to do your job.

The P14 has 2 outlets on this machine, one through the water trap filter regulator with auto drain that's fitted and one that's placed at the end of the tank for direct tank pressure.

Some of the major features of the P14 is the slow revving cast iron pump (852RPM) making this air compressor super quiet compared to other brands in the market, solid belt guard along with solid rubber wheels and a removable handle.

Comes with "Smart Start" (Made in USA) intake filter which assists in the protection of the electric motors against low voltage starting, this filter reduces starting AMP's draw by up to 40%.

### Specifications

- Air Delivery: 275 LPM @ 100PSI
- Cylinders: 2
- Max PSI: 145
- Motor: Electric 2.75HP
- Pump: Peerless N75 Single Stage
- Pump RPM: 852
- Power Supply: 10 AMP
- Amps Draw: 10
- Tank Size: 55L
- Dimensions L x W x H: 1050MM x 430MM x 770MM
- Weight: 85KG
- Portable / Stationary: Portable
- Regulator Included? ET250 Water Trap Regulator
- Pump Up Time To 100 PSI: 1.25 - 1.30MIN
- Pump Warranty: 5 Year
- Motor Warranty: 1 Year
